How To Give A Tour

As a tour guide you are a **representative** of BYU-Idaho!

Our Goal: Create a strong first impression by helping students get to know the campus, connect with key resources and feel the spirit.

The Tour

1. Find their classrooms

- Look at their schedule
- Figure out what buildings they are in
- Walk them to each classroom

2. Teach them campus resources

- Tell them about available resources
- Show them where some of them are located (if time allows)

3. Help them feel the spirit

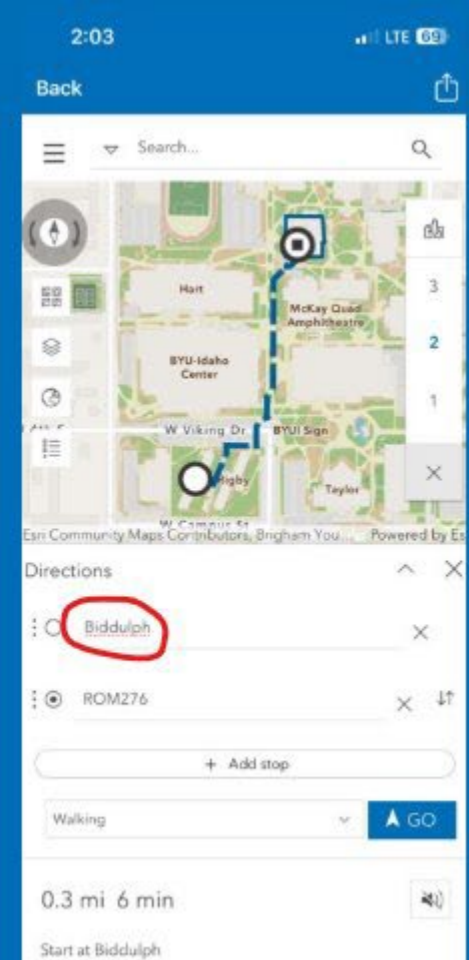

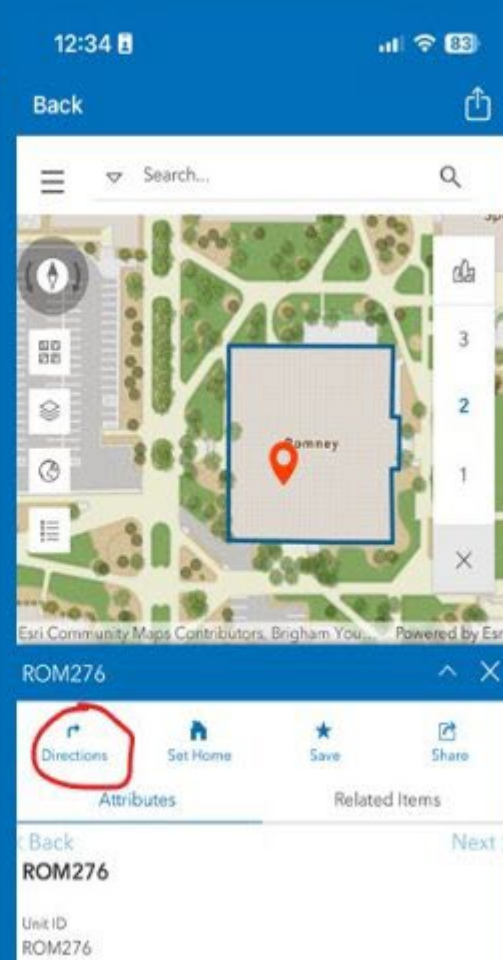

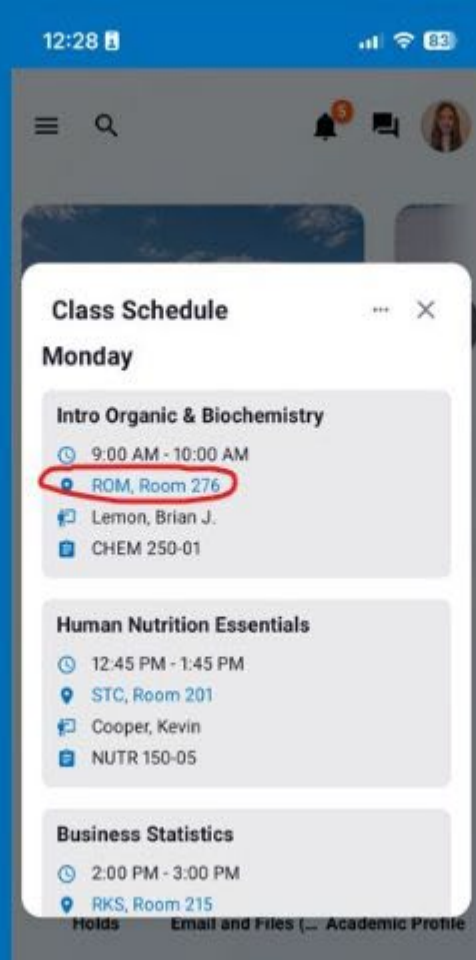

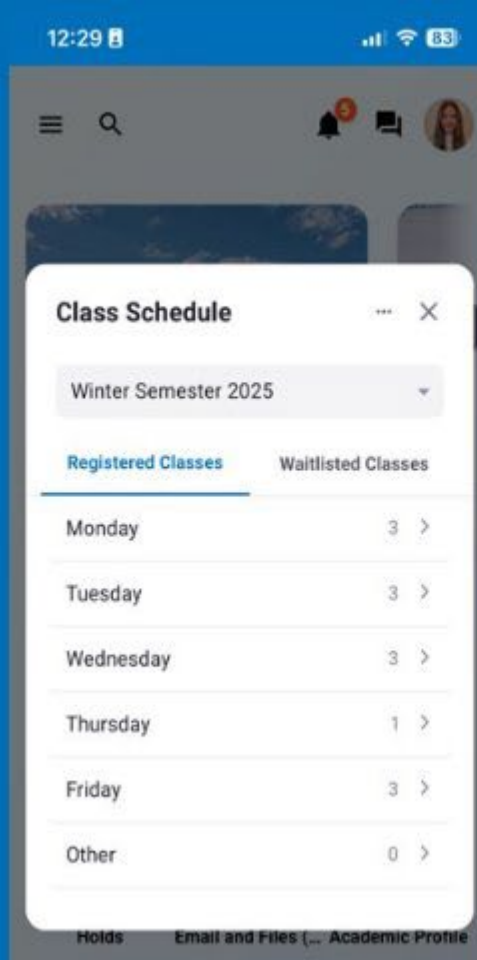

4. Share your personal experiences about being at BYU-Idaho

“This is a special college – there’s not another one like it. The people you meet and the Spirit you feel here will be one of your greatest treasures.”

- President Steven D. Bennion

Teach them how to use the myBYUI app, find their Class Schedule, Class Location & how to Navigate Campus
